

TRIBAL INSTINCTS PRESENTS

Intermediate Rope Bondage

GOING FURTHER WITH ROPE BONDAGE

Take your rope skills to the next level

So you've learned a few knots, and you've spent some time tying people up. You're having fun, but you'd like to go further. This class will deepen your skills and teach you a variety of useful skills and strategies to enhance your rope play.

We'll begin by reviewing some basics before turning to more advanced knots and ties including harnesses and ladders. In addition to covering technical skills, we'll discuss techniques for handling rope more effectively, better negotiation, and managing headspace. Finally, we'll talk about how to put all the pieces together to make a great scene.

We'll provide everything you need for the class, including practice rope. If you'd rather bring your own rope, we recommend one to four 15' lengths and one or two 30' lengths. Partners are handy, but not required.

18+, male ID required. Public — \$10, SML and CSPC members — free. Questions? education@seattlemeninleather.org.

After Tribal Instincts, the CSPC presents the Dark Dungeon Men's Party. 18+, male ID required.
